

ALL AFRICAN AIRWAYS STAR OF SOUTHERN AFRICA TOUR

Pilots are invited to complete the All African Airways “Star of Southern Africa” tour, by completing the following Southern Africa flight legs consecutively, with suitable aircraft, on which they are rated.

Flight legs must be flown in sequence, and different, suitable aircraft, may be used for individual legs from FAOR to a destination and back to FAOR, after which a different aircraft may be used for the next two legs. However, pilots may also use the same aircraft for the whole tour.

Leg	ICAO	Arrival	Dist (nM)	Deg Magnetic
1	FAOR	FYWH	629	308
2	FYWH	FAOR	629	124
3	FAOR	FYWB	766	301
4	FYWB	FAOR	766	120
5	FAOR	FAUP	397	268
6	FAUP	FAOR	397	092
7	FAOR	FACT	686	244
8	FACT	FAOR	686	075
9	FAOR	FAOB	653	237
10	FAOB	FAOR	653	069
11	FAOR	FAGG	562	231
12	FAGG	FAOR	562	062
13	FAOR	FAPE	491	215
14	FAPE	FAOR	491	046
15	FAOR	FAEL	415	202
16	FAEL	FAOR	415	032
17	FAOR	FAUT	326	196
18	FAUT	FAOR	326	023
19	FAOR	FALE	259	164
20	FALE	FAOR	259	349
21	FAOR	FQMA	234	107
22	FQMA	FAOR	234	287
23	FAOR	FQBR	529	065
24	FQBR	FAOR	529	235
25	FAOR	FVHA (FVRG)*	517	038
26	FVHA (FVRG) *	FAOR	517	206
27	FAOR	FVFA	501	003
28	FVFA	FAOR	501	173
Total distance			13930 nM	

* Some databases indicates that Harare (Zimbabwe) has an ICAO code FVHA, while others refer to FVRG, you may log your flight to FVHA, but set up your aircraft systems to FVRG (if necessary).

For added immersion, pilots are encouraged to complete this tour in real time and under real weather conditions, although this is not mandatory for a successful tour completion. However, the tour must be completed with normal simulator speed (accelerated flights are not allowed), and all flight legs must be logged by means of your Virtual Airline flight tracking system. Once you've started the tour, you must complete it, you're not permitted to do any other flights while you're busy with this tour.

Exploring Southern Africa is really fun, as long as you understand your aircraft limitations, invest a lot of time in the tour, and by planning each flight leg properly. Pilots may use route waypoints at their own discretion for each flight leg.

Once you've completed the whole tour, please complete the applicable tracking sheet for the tour and email it to your hub manager for evaluation, after which we will award you with the appropriate tour accomplishment badge.

Thank you for participating in the All African Airways Star of Southern Africa tour, we wish you safe and enjoyable flights.
